Reg. Number:

CK 93-28368-23

INSTALLATION

The CD provided runs through an installation process and will also require you to enter your Company Details and Serial Number, so please have these ready.

The CD content will be loaded onto you C: / drive and has a very specific folder structure and should not be adjusted as it will disrupt the linkages built into the QMS Toolkit

IMPORTANT NOTE:

Do not uninstall the QMS Toolkit as it will delete all the information as well as the QMS that you have compiled. Ensure that you back up you information frequently.

Once you have completed your QMS, you can copy it across to another drive and then use it from there.

SUPPORT

Should you require any further services or support please contact the following:

Revworth Management Consultants

PO Box 516
